To strengthen our team in Graz, Austria, we are searching for a

Web Developer (m/f) - Junior/Senior

TimeTac is a continually growing and innovative software company with a focus on developing and providing web-based and mobile time tracking solutions. The products of TimeTac are among some of the leading cloud applications in the categories of time tracking and absence planning solutions in the German speaking markets.

Your Tasks:
- Conception and development of modules for the TimeTac product line
- Conception and development of customer specific features
- Continual optimisation and quality control

Your Profile:
- Practical experience of JavaScript, PHP, MySQL, HTML and CSS
- Practical experience with frameworks and databases
- Team player, enthusiastic and organised
- Very good spoken and written ability in German and English

Our Offer:
- Exciting tasks as part of a young and motivated team
- An open and personal working environment with mutual respect and appreciation
- A modern office in the city centre of Graz with great facilities, in-house and locally
- Opportunities for further development and education, as well as flexible working hours

We welcome both male and female applicants that wish to become part of the success story in our highly motivated team. The stated position is offered as part-time and full-time.

The minimum salary on the basis of a full-time role is € 2,332/€ 2,825 (Junior/Senior) gross per month. Depending on qualifications and experience, salary and further payment are negotiable to conform to current market position.
